Chasse au Trésor Digitale

Cohésion d'équipe

Muni d'une tablette et de cartes, vous partez sur un parcours en équipe à la recherche de lieux incontournables (ordre choisi par votre équipe). Votre défi est de résoudre une énigme locale !

Chaque lieu vous fait découvrir une partie de son histoire.
Soyez curieux et observez le patrimoine, un indice vous permet de répondre à la question et de résoudre l'énigme.

Un animateur réalise des photos souvenirs de chaque équipe !

Quelle sera votre stratégie ?

Pour remporter le Challenge, vous devrez retrouver de nouveaux indices, en disposant de deux tablettes. Créer votre stratégie d'équipe en vous répartissant les lieux !

Un dernier indice en or permet à une équipe de retrouver le Trésor !

Nos animateurs concluent par un débriefing avec des anecdotes sur les énigmes et une **photo finale du groupe !**

Digital Treasure Hunt

DISCOVER CHAMPAGNE THROUGH STRATEGY, EXPLORATION & TEAMWORK

Embark on an immersive outdoor team-building experience that combines **exploration, local heritage, collaboration** and **friendly competition**. Guided by a tablet equipped with a geolocation system and a paper map, teams explore the town or the vineyards whilst solving interactive puzzles inspired by the history, culture and traditions of Champagne.

Rather than following a pre-set route, participants are free to choose their own **strategy**. Each location presents a new challenge, encouraging **observation**, **communication** and **problem-solving** whilst requiring teams to manage their time and route effectively. Success depends as much on **teamwork** as it does on **speed.**

Throughout the experience, professional facilitators accompany the event, ensuring the game runs smoothly and capturing the moments with **souvenir photos.**
